ASSOCIATION OF REALTORS

BUSINESS AND EDUCATIONAL BACKGROUND

Vincent graduated from the College of Charleston in 2024 with a bachelor’s degree in Commercial Real Estate Finance. Charleston was his top choice for education as he had visited the city many times and loved the area. As Vincent grew up working a variety of jobs in high school, he continued his hard work ethic to put himself through college. Vincent worked for Red Bull Distribution Company for his first two years where he helped to maximize product sales in the Charleston market. His last two years, Vincent worked at Freedom Boat Club as a Dockmaster while interning with The Beach Company as sales support for Beach Commercial. These jobs led Vincent to become very skilled in sales and understand the commercial real estate market in Charleston.

PERSONAL

Vincent grew up in a big family in Natick, Massachusetts but was ready to venture South. He initially moved to Charleston to attend college, but has enjoyed living here so much that he has chosen to reside here after graduation. Vincent currently lives downtown and enjoys golfing, fishing, and boating.
